Re: Change in File Status, Snowflake/Black Rock/Snowlite, S/027/060, Millard County, Utah

Dear Mrs. Oertle:

This letter is written to let you know that we have made a change in our files regarding the Snowflake/Black Rock/Snowlite located in Millard County, Utah. *The old number was S/027/020 and has been changed to a new file number S/027/060.*

The following is a bit of background on why the change in the file numbers: In 1990, Mr. Oertle filed a small mining notice with the BLM. The BLM assigned their file number UTU-070663. At that time the BLM sent a copy of the notice to this Division which we assigned our designated file number as S/027/020. In the notice, there was no operator mentioned.

In 1993, Loy Crapo sent in a Notice for the Snowflake/Snowlite, showing Mr. Oertle as the claimant. As this was in approximately the same location as Mr. Oertle's filing in 1990, and as Mr. Oertle had not previously listed an operator, the Division accepted this notice and amended it to Mr. Oertle's original notice changing the operator from Lee Oertle to Loy Crapo as being the responsible party for this project.

In talking with the BLM, we find that the BLM has Mr. Crapo's notice and Mr. Oertle's notice filed separately. We therefore, are also separating out Mr. Oertle's correspondence from Mr. Crapo's. We will hold Mr. Crapo responsible for only those disturbances he has made since 1993. The other disturbance associated with Mr. Oertle's 1990 filing will be your responsibility, as you have now assumed the responsibility of the claims.

Loy D. Crapo	Snowflake/Snowlite/Queen	S/027/020	UTU-070720
